

GOVERNMENT LICENSES

CE Certification

Document Checklist for Government Licenses

For CE marking, required to sell certain products in the European Economic Area (EEA), confirming compliance with EU safety/health/environmental standards.

Documents Required

- Business registration/incorporation proof of the manufacturer/authorised representative
- Product technical specifications and design drawings
- List of applicable EU directives/standards for the product
- Risk assessment report of the product
- Test reports from an accredited/notified body, as applicable
- Technical file/documentation of the product
- Declaration of Conformity (to be prepared)
- Details of authorised EU representative, if manufacturer is outside the EU

Note: The above list indicates commonly required documents. Additional documents may be requested by the concerned licensing authority depending on the specific case. Expert Registration confirms the exact requirement after a brief consultation.
