Design Registration

Document Checklist for Intellectual Property Rights

For registering an industrial design (shape, configuration, pattern or ornamentation of an article) under the Designs Act.

Documents Required

- PAN card and Aadhaar card / identity proof of the applicant
- Representation/drawings of the design in different views (front, back, side, top, perspective)
- Details of the article to which the design is applied
- Statement of novelty of the design
- Details of prior publication/disclosure of the design, if any
- Proof of right to apply (assignment deed, if applicant is not the original creator)
- Power of Attorney, if filed through an agent

Note: The above list indicates commonly required documents. Additional documents may be requested by the Trademark Registry, Patent Office or other authority depending on the specific case. Expert Registration confirms the exact requirement after a brief consultation.
