

ISO CERTIFICATION

ISO 22000 FSMS Certification

Document Checklist for ISO Certification

For Food Safety Management System (FSMS) certification under ISO 22000, applicable to food businesses.

Documents Required

- Business registration/incorporation proof
- FSSAI licence/registration of the business
- Site plan and process flow of food handling/production
- Food safety policy of the organisation
- HACCP (Hazard Analysis Critical Control Point) plan
- List of raw materials and suppliers
- Standard Operating Procedures (SOPs) for food safety and hygiene
- Employee training records related to food safety

Note: The above list indicates commonly required documents. Additional documents may be requested by the certification body during the audit process depending on the specific case. Expert Registration confirms the exact requirement after a brief consultation.
