

SOFTWARE SOLUTIONS

IT Project Works

Document Checklist for Software Solutions

For availing end-to-end IT project execution services (planning, development, deployment and support).

Documents Required

- Business registration/incorporation proof
- Detailed project scope and objectives
- Timeline and milestones expected for the project
- Details of existing systems/infrastructure relevant to the project
- Budget range for the project
- Details of the project team/stakeholders from the business side

Note: The above list indicates commonly required documents/details. Additional information may be requested depending on the specific scope and technology involved. Expert Registration confirms the exact requirement after a brief consultation.
