IT Support Services

Document Checklist for Software Solutions

For availing ongoing IT support and maintenance services for business systems.

Documents Required

- Business registration/incorporation proof
- Details of existing IT infrastructure (hardware, software, network)
- List of systems/applications requiring support
- Details of current issues/support requirements
- Existing AMC/support contracts, if any, for reference
- Details of number of users/devices to be supported

Note: The above list indicates commonly required documents/details. Additional information may be requested depending on the specific scope and technology involved. Expert Registration confirms the exact requirement after a brief consultation.
