Document Checklist for Software Solutions

For availing website design and development services for a business.

Documents Required

- Business registration/incorporation proof
- Business logo and branding guidelines, if available
- Content for the website (text, images, product/service details)
- Domain name and hosting details, if already purchased
- Reference websites/design preferences, if any
- Details of required features (e-commerce, booking, contact forms, etc.)

Note: The above list indicates commonly required documents/details. Additional information may be requested depending on the specific scope and technology involved. Expert Registration confirms the exact requirement after a brief consultation.
